## Technology is Great...Except when it's NOT!

Our business is based on technology and communication. So what happens when one goes down (taking the other with it?)

Extreme frustration and recurring headaches.

HOWEVER, we are very close to having an entirely reconfigured website and email and HIGH-TECH TENNIS TV.

These three items will make it all worthwhile.

So if you've been trying to visit our site for information (and it's been down) or if you've been trying to contact us (and we don't reply), please know that we appreciate your patience and things will be better than normal very soon.

December will be here before we know it and if you haven't purchased your tickets yet, don't delay! Visit <http://tandsevents.com> and get ready for the following:

- Pelham Challenge - December 2<sup>nd</sup>, Pelham, AL
- Icy Hot Chattanooga Challenge - December 3<sup>rd</sup>, Chattanooga, TN
- Infinite Energy Atlanta Challenge - December 4<sup>th</sup>, Atlanta, GA
- Music City Challenge - December 5<sup>th</sup>, Nashville, TN

THANKS TO TREVOR SHORT FOR BELIEVING IN HIGH-TECH TENNIS!

Coming soon.....

We've all heard the expression "Seeing Is Believing".

**QUESTION:**  
Why do you think they say that?

**ANSWER:**  
Because  
IT  
IS

**TRUE.**

# College Recruit Videos

You probably think we just go to tournaments (and tournaments and tournaments and...)

**BUT DID YOU KNOW** that we also create College Recruit Videos for really smart players who want to showcase their tennis skills in an online video?

"We encourage all of you to take a look at the college video from HIGH-TECH TENNIS. It features your college candidate in a 4-5 minute clip of match play. Simply insert the link in an e-mail and busy college coaches can review it at their convenience!

Visit the website and try out a college video for yourself! After all the time and money you've invested on behalf of your child, this is the best money you'll spend to get them some well-deserved exposure!!

Good luck and call us if you need any additional info. This is a great product and your satisfaction is guaranteed!"

## WHEELCHAIR TENNIS

We have a very special interest in wheelchair tennis and we're firmly committed to the development of wheelchair tennis players.

We'd likely to publicly recognize the great work being done by [Legsdontwork.com](http://Legsdontwork.com).

We'll keep you informed about upcoming wheelchair tennis events and if you **EVER** get a chance to view or support wheelchair tennis players,

**PLEASE DO IT.**

We guarantee you will not be sorry.

# Private Video Sessions

You probably think we just go to tournaments (and tournaments and tournaments and...)

**BUT DID YOU KNOW** that we also conduct Private Video Sessions for individual players, groups, and teams?

## Sunaskeo Update

Sunaskeo (Greek) ~ 1. help one to practice 2. train, educate, discipline fully

As you may remember, our friend Duey Evans is the Chief Performance Architect for Sunaskeo, an innovative and all-encompassing program for developing champions both on the tennis court and in life.

This month, we've attached **Is Your Plan Working?**

Why not take a moment to check it out?

Please visit [www.sunaskeo.com](http://www.sunaskeo.com) for much more information. Pass it on and please stay tuned for more information about DUEY'S excellent adventure.

**Bringing the video to the people...**  
It's a tough job but hey, someone's got to do it!
